“‘Nevaeh’ the reverse of heaven... a story and a girl's life that is just as backwards as her name.”

Hi, I am Marcel Ray Duriez, what I am looking for to do in life is something amazing.

Intent's obligations

It is respectful and understood that if this book goes to publication of higher then is at this time and as of late. The author collects all royalties. And is the true owner of the volumes being Marcel Duriez? Thus, and all novels used for the rights of the  Guinness World Records have evidence of all books to provide a world record and pass if feel fit to publishers. Statement for publication within their own book is gartered and wished for by the writer, volumes and in the

aiding of the author Groth as a notable writer who is listed here in this world record title under the last name Marcel Ray Duriez, financially, the author Duriez would always need to keep all rights for everything within the documentation that is provided, and all moneys made from all stories with Guinness World Records. Publication republican of this works, of this manuscript attached to you GWR Name:(Longest Novel,) as stated and shown in the documentation of evidence, yet would like to see if you could aid in the handing out to publishers with their house editing if need be, for long time publications for life of all books for all time- until if ever past, in the Longest Novel, submission to publishers/book-agent is asked for you to do if that can be done, that is more than fitting and approved by the author Marcel Ray Duriez to GWR. To help aid in the growth for GWR and the maker of the worldly achievement being Duriez, and for the writer for doing so in the title. And the viewing and seeing of the public to understand knowing the world record should hold a spot at highest publications would be nicely granted, as expressed, should be, also showing Guinness World Record on the covers with statements, by them of the achievements, in time if held by thatpublisher if found to be notable and approved by the writer as is stated here in this document to move forward. Duriez holds copyrights for all time, of all with in the text. Asking for full help with finding a home for all books, press, reviews, interviews granted kindly. Would love to see if this story couldbe made into movie that is the dream of the writer, after holding the record.

I would like to have a full book reading and clear recording done by a volunteer to be on YouTube/or audio files of all books to be audio files or held for the public domain for record is held, likewise my name Marcel Ray Duriez with the reader of this would likewise brake yet another world record if read start to end in time. "Longest marathon reading aloud"

The Nevaeh Saga

Also wishes here is to keep all books in the record and books to come after published with the help of GWRs in landing a long- time publisher for all books in the longest novel like Harper Collins books, and pitch to see if this longest novel could be a long movie or a TV series doing justice to all the books and remembering the true writer for all intents of noble morals.

Marcel's job is the writer was to give a "clean" document that is publishable, that did not have repetition of words that were overused, repeated as a story from start to end with the same protagonist without any kind of compromise in the ideas of what is literature. To give the document in a timely matter. And, to make a proficiency an achievement of doing the entire record in eight years' time. Busting the previous record of 14 years, giving. A book that was done. Two times over compared to the previous record. In length size. In character count.

==Synopsis==

'A fourteen-year-old Nevaeh is having a midlife crisis likewise doesn't seem to bode well with her life expectancy. Her so-called school friends bully her, whatever semblance of a foster mother drowned out her fights with life by loathing her for being alive, thus grieving her way to mental delusion. Nevaeh an angel speaks when she did not have a voice before, her sudden death. As she bares her soul.'

Nevaeh is a 14-year-old girl living in Pennsylvania at the start of this story around the 2000s. The feeling of the story is just because she is the small girl in her class, and has other kids, classmates, mother, grandmother, and even her guardian, putting her down, does not mean that Navaeh cannot rise above all the hatred and shine. On the darkest day of her human life, Nevaeh

Nevaeh is remembered as the girl who existed. In the notebooks of her life. Likewise, in a town, that to her is just as backward as her temperament is at times. Just like her name spelling also, she lives a life of bullying. Nevaeh feels that death is a way out of the pain. Before she passes, she lives her life out to see all that she has lost by choosing to relinquish to death, at the age of 14. Leading into an afterlife story in the books to come of her becoming a fallen angel. An evil entity with wickedness, wanting pain, and death is always lurking in the darkness of cobwebbed filled minds she has obtained from twisted brainwashing. Nevaeh becomes lost in her mind, and the minds of others as more points of view as the story progresses, in this new afterlife. One Naddalin, an unknown si
